Price Increase Announcement

To Our Valued Customers:

Due to the preliminary effects of Section 232, ClarkDietrich Building Systems will implement a price increase of 10% in all markets on all products effective July 17th, 2017.

Domestic steel mills continue to announce price increases while foreign supply continues to wane. As the results of Section 232 develop, we anticipate further increases as the summer season matures.

ClarkDietrich will continue to honor all existing quotes in accordance with our current job quoting policy. A copy of our policy can be found on our website at: www.clarkdietrich.com/support-tools/sales-forms.

Revised price sheets reflecting this increase will be distributed in the next two weeks. If you have any questions, please contact your local Sales Representative.

Thank you for your continued loyalty and support.

Sincerely,

ClarkDietrich Building Systems
